

Matt Mondek Bio

Mr. Mondek holds a Bachelor's degree in mechanical engineering and a Master's degree in Business Administration. He has nearly 40 years of experience in the power transmission and recreational marine industries in which he has held executive level leadership and technical positions. Mr. Mondek is a licensed Professional Engineer in the state of Illinois, a Certified Purchasing Manager and has five U.S. patents.

He has served as president and CEO of a publicly traded international subsidiary as well as a private equity company. During these tenures, the companies were returned to profitability and successfully positioned for growth and sale. Earlier in his career, he held numerous positions in product design, engineering, supply chain and program management. Mr. Mondek has also served on numerous boards and has been treasurer and chairman for industry associations.

Mr. Mondek founded "*Mondek Solutions*", a business consulting firm, three years ago to provide business owners, boards and management teams solutions that drive their businesses forward. With a wide variety of services and resource available "*Mondek Solutions*" provides a process-focused, practical mix of technical and business acumen to ensure continued and future success.

Whether as a board or acquisition advisor, an interim turn around management solution, advocate to ownership, mentor, or project based skilled resource, "*Mondek Solutions*" adds value to the bottom line.
